

ENGINEERED SAND CONTROL SOLUTIONS

proSERIES™

Few companies in the world are as knowledgeable about sand control solutions as RGL. Thousands of wells in the most challenging reservoirs use RGL sand control products.

THERE IS NO “ONE-SIZE-FITS-ALL” SAND CONTROL SOLUTION

RGL's proSERIES™ includes a range of sand control solutions designed to the highest quality to maximize production and minimize operating costs. It's portfolio of products and engineering services ensures an optimized path for production by mitigating corrosion, erosion and scaling issues.
